C.F.R. Sections 54.313-314, CC Docket Nos. 96-45 and 00-256

To the Filing Representatives:

The Kansas Corporation Commission (KCC) certifies that all federal high-cost support provided to rural and non-rural carriers in this state will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with section 254(e) of the Communications Act of 1934, as amended. This includes High-Cost Loop support, Local Switching support, High-Cost Model support, and high-cost support received pursuant to the purchase of exchanges.

Attached is a list of rural and non-rural carriers certified by the KCC pursuant to sections 54.313 and 54.314 of the Federal Communications Commission's (FCC's) rules, which require states to establish an annual certification process for rural and non-rural carriers receiving federal high-cost support. As requested by the Universal Service Administrative Company, listed beside each carrier is its assigned study area code, if known.

Yours truly,

Mark Sievers, Chairman
